ARIZONA PAPERS ARE BOUGHT BY REPUBLICANS

NOMINEE CHARGES THE WESTERN PRESS IS PURCHASED BY OPPOSITION PARTY

Eighteen Arizona Sheets Among
Those Acquired With
Boodle.

SAYS VOTERS HAVE
RIGHT TO THE TRUTH

Swinging Eastward, Standard
Rever Predicts Big
Western Vote.

(International News Service)
TRINIDAD, Col., Sept. 24.—Eight-
teen supposedly democratic newspa-
pers in the state of Arizona, Governor
James M. Cox charged today, have
been purchased with the funds of the
republican national committee and he
believes similar operations on even a
larger scale are being carried out
in a number of other western and
north-western states. Nevertheless, the
Governor entered Colorado today,
eastward bound, convinced that he will
carry a majority of these states.
"I am coming back east," he said,
"to tell the people of the efforts that
is being made to keep the truth from
the people of the west. It isn't fair
to them. They deserve to hear both
sides and they are going to."
The Governor charged that personal
representatives of Will Hays, chair-
man of the republican national com-
mittee, have preceded him for weeks,
calling upon editors in cities where the
Governor was to speak.

HAS THE PROOF

TRINIDAD, Col., Sept. 24.—Governor
James M. Cox, in his first speech
in Colorado here this afternoon, de-
clared that Will M. Hays, republican
national chairman, is using money to
deceive the people and corrupt news-
papers.

"Traveling agents of Mr. Hays, sent
out just ahead of me to urge editors
to suppress or publish untrue re-
ports of my campaign speeches, are
being paid from money raised for
corrupt purposes," the Governor said.
"It is a deliberate attempt to de-
ceive people by withholding from
them one side of the case. All we
ask is that our case be fairly pre-
sented to the people. Information back-
ing my charges is so reliable that even
Will Hays will not attempt to deny
them." Governor Cox said he re-
ceived at Trinidad original copy of
questions which Hays' agents had
sent to newspapers of this state with
instructions that inquiries be printed
today.

VOGUE WILL MOVE TO MOULTON STREET

LINE OF GENTLEMEN'S FURN-
ISHINGS AND TAILORING TO
BE CARRIED

J. M. Sears, announces today the re-
moval of The Vogue from The Malone
building on Johnston street to the
new Bernstein building on Moulton
street, October 1.

In addition to made-to-measure
clothing, now handled, the Vogue will
carry a line of ready-made clothing,
shoes, hats and gentlemen's furnish-
ings.

M'GARR RELEASED WHEN BOND MADE

WAS CHARGED WITH ASSAULT
WITH INTENT TO MURDER
ANDREW BYFORD

"Chi" McGarr, who voluntarily sur-
rendered following an altercation Sat-
urday evening with Andrew Byford,
during which Byford was severely cut,
has been released on bond. A charge
of assault with intent to murder was
registered against him.

Byford is said to be improving, and
his complete recovery is hoped for.
He is now at his home.

GENERAL DECLINE IN PRICES IS PREDICTED

Secretary of Commerce Alexander Be-
lieves Cost of Living Coming
Down.

(International News Service)
WASHINGTON, Sept. 24.—A gen-
eral decline in commodity prices was
forecast today by Secretary of Com-
merce Alexander as the result of an-
nouncement of price reductions by
Henry Ford, the Franklin Auto Com-
pany and the cotton goods manu-
facturers. Alexander believes that the
sharp cut made in these commodities
is only a forerunner to a general de-
cline in prices.

"The people of the United States
have the money and are willing to
spend it, but they have reached the
place where they are demanding full
value for the money they spend," the
Secretary declared.

COAL COMMISSION BILL IS DEFEATED; OFFER SUBSTITUTE

(International News Service)
MONTGOMERY, Sept. 24.—Report-
ed without recommendation by the
senate judiciary committee, the coal
commission bill is today considered a
dead issue for the special session
of the legislature.

The senate committee is said to
have "passed the buck" to the House
committee, and it is predicted the
coal commission bill will be allowed
to die on the house calendar.

A substitute measure providing for
a fuel administrator for Alabama was
introduced late last night by Repre-
sentative Tompkins, an administration
leader, and is said to be agreeable to
the operators.

MANY NEW BILLS
(International News Service)
MONTGOMERY, Sept. 24.—Many
new bills were offered in the house
this morning. They included: To
create an inferior court at Apantion;
to prevent labor agents from taking
labor from farms out of this state;
to provide payment of equitable
claims of counties by Representative
Sherrod of Lauderdale; to exempt
from taxation all dwelling houses
erected after the passage of this bill
until Sept. 1, 1930.

A motion offered by Representative
Orr to take the soft drink tax bill
from the adverse calendar was defeat-
ed.

The House adjourned until Monday
afternoon.

Search is Made For Lumberman; Car is Abandoned

(International News Service)
TUSCALOOSA, Sept. 24.—Search
is made being made today for Gould
Means, a wealthy lumberman, of Tus-
caloosa, whose abandoned automobile
was discovered last night in the Big
Sandy swamp, ten miles south of here.
Means is known to have been in
his shirt sleeves and had only 40
cents in his pockets when leaving for
his lumber camp Thursday morning.
Means recently purchased a beauti-
ful home at Auburn Park, where he
lived with his wife and mother.

DECATUR BAPTISTS BEGIN TO ARRANGE FOR ENTERTAINMENT OF THE STATE CONVENTION

The Ninety-ninth session of the Ala-
bama Baptist State convention will
convene with the First Baptist Church
of Decatur on November 16, and will
be in session for three days. The Bap-
tists of Alabama are a numerous body
and the membership numbers now
about 240,000, with 1800 local church-
es.

A large delegation is expected and
the Decatur church began prepara-
tions the first Sunday. In
September, when at a special confer-

PROFESSIONAL BALL FOR NEXT YEAR IS NOW ASSURED; FANS SHOW ENTHUSIASM

Reports From Over Circuit Indi-
cate That Sap Has
Risen High.

LOCAL COMMITTEES
WORK NEXT WEEK

About Twelve Hundred and Fif-
ty Dollars Already Sub-
scribed Here.

Professional baseball for the Twin
Cities next year is now practically as-
sured.

Reports from the various cities that
had representatives at the prelimi-
nary meeting held here recently are
most encouraging. The financial de-
tails are being satisfactorily arrang-
ed and the fans everywhere are rising
to the occasion.

Permanent organization will be
completed at Huntsville on October 13,
at which time officers will be elected
and other details attended to.

The six-team circuit will be com-
posed of Albany-Decatur, Huntsville,
Columbia, Athens, Sheffield and either
Florence or Mt. Pleasant. Lawrence-
burg, Tenn., which has taken an
active interest in baseball for a num-
ber of years, will not put a team in
the field next year, advises from there
state.

So far about \$1,250 of the stock of
the proposed \$5,000 baseball associa-
tion has been subscribed, it was an-
nounced today by Marvin R. Rankin,
and committees will go on the streets
Monday and Tuesday of next week to
secure the remainder. Mr. Rankin
stated that such subscriptions as he
had obtained were picked up on the
streets, and that a systematic drive
would follow.

Regarding enthusiasm at Columbia,
Tenn., the Columbia Herald of yester-
day says:

Baseball fans of Columbia have al-
ready subscribed more than \$1,000 to
assure league ball for Columbia next
season. Dr. Robert Pillow, one of the
most enthusiastic baseball fans of the
city, and always a liberal contributor
to funds which give the city clean
sport, who is taking the lead in the
organization of the club here, feels
confident there will be no hitch in the
plans to give Columbia next season a
real league team. Contributions to
the cause have been liberal, and al-
though but a few of the fans have
been seen a large part of the money
required has already been tentatively
pledged.

A company composed of public spir-
ited citizens has already purchased a
splendid playing field just across Duck
river, which will be converted into a
league park at a cost of some \$10,000
including the cost of the ten acres of
land.

The coming of this important con-
vention will mean much for the Deca-
tur church and the whole community
as well and a great time is expected.

MURRY DIX ROUNDS INTO FORM, TAKING HIGHEST HONORS IN CORPULENT CONTEST

Murray, Cassells and Bowles
are Bowled Under by De-
catu Sprinter.

KIWANIS BARBECUE
HAS MANY FEATURES

"Parson" Goodwin Shows Class
and Wins Sack Race
and Peanuts.

When the bell rung for
dinner yesterday after-
noon at the Kiwanis bar-
becue, which took place at
Riverside grove, members with their
wives, sweethearts, little ones and
guests, fell too with a will and were
served roast meats, "burgoo," coffee
and trimmings, the equal of which
may be found but none superior.

This was not the principal pleasure
—it was the fellowship, the attitude
of kindly interest in the welfare and
comfort of all—just a fine bunch of
folks intent on rational enjoyment.

It was a great occasion, one which
will be remembered by the partici-
pants.

The folks began gathering about 4
p. m. and until the fall of night merry-
making was enjoyed, bringing cheer
to the outer and inner man, and when
the time for wending the way home-
ward came it was with regret that
the day had closed, a most delightful
one, coming to an end all too soon.

Contests, in which ladies and chil-
dren took part, were entered into with
a zest.

Floyd Taylor contributed a car load
of goats (more or less); Will Leslie
two car loads of hogs (more or less)
which were prepared by expert hands
browned to a nicely and served in a
way appealing to the most fastidious.

Kiwanis and its members make
every effort to do things well and by
cooperation and wholeheartedness it
succeeds. Everything was jolly, ev-
erything was good and a fine old time
was had.

Contests

Sack race—Rev. Goodwin, Presby-
terian, Rev. Davenport, Methodist,
Rev. Davidson, Baptist, entered the
lists in this contest which was award-
ed to Parson Goodwin—a sack of pe-
anuts. It was a spirited affair and had
it not been that Rev. Davenport fell
down in the home stretch a different
story may have been told. Through
Mr. Goodwin was awarded the prize
his competitors broke him down.

In the fat man's race, Dr. M. W.
Murray, T. C. Bowles, J. B. Cassells
and Murry Dix made a runaway race
and the first heat was declared a dead
one. Dr. Murray and John Bull Cas-
sells ran so fast that they each ran
into a pocket, had a "dog fall" and
Murray Dix knocked the persimmon,
capturing a cupie. He made a fine
sprint and deserves credit for dis-
tancing the other fleet foots. Tom
Bowles can't run much, but he did his
dumdest.

Floyd Taylor, John White, Walter
Clopston, Gilbert Crane and Rev.
Davenport all made fine showings in
the potato race. John White, who
was recently elected president of the
United States, came under the wire
first and is still waiting for the others
to catch up.

As master of ceremonies, "Big
Chief" Klopston was there with a war
whoop and added to his splendid re-
putation as a head tribesman.

Republicans Motor to the Front Porch

(International News Service)
MARION, Sept. 24.—Hundreds of
West Virginia republicans will come
to Senator Harding's front porch to-
day to be addressed by the candi-
date. Most of the Virginians motored
through from their home state.

Local showers tonight and Satur-
day.

DAILY TO RECEIVE CONTRIBUTIONS FOR WAGING DEMOCRATIC DRIVE

Treasurer Marsh Makes Appeal for Funds
With Which to Present the Democratic Cause
to Voters of America. Judge Wm. E. Skeggs
is the Initial Subscriber.

LOCAL WEARERS OF FEZ PREPARE BIG WELCOME FOR THE VISITING SHRINERS

Birmingham Nobles to be Served
Luncheon on November
Tenth.

BARBECUE HELD HERE
ON OCTOBER EIGHTH

Hundred and Twenty-Five No-
vices to be Put Over Sands
at Sheffield.

Plans for entertaining the 400
visiting shriners from Birmingham
who will stop off here on November
10 enroute to the ceremonial session
to be held at Sheffield were completed
at a largely attended meeting of the
local Shriner's Club, held last night
in the rooms of the chamber of com-
merce at which refreshments were
served.

The Shriner's also completed plans
for a barbecue to be held here on
October 8 and to be staged in River-
side grove.

The following committees were
named: On local barbecue: F. S.
Hunt, C. L. Saunders, James Coutsas,
Charles Rountree.

On November 10 luncheon: F. H.
Pointer, W. W. Rahm, Dr. J. L. Gun-
ter, Thos A. Bowles.

On transportation to Sheffield: E.
R. Wolfe, S. H. Robertson and Mr.
Willis.

Squib committee, for ceremonial:
W. W. Rahm, Chas Robertson.

Stunt committee, for Barbecue: W.
W. Rahm, James Johnson, Chas. R.
Robertson.

Badges, for ceremonial: E. H. Al-
lison, C. E. Uptain.

Pullmans, for Montgomery reunion:
J. F. Smithers, Clifton Almon and
Cecil Vantreese.

The arrangements completed last
night provide for a luncheon to be
served the visiting Shriner's on Nov-
ember 10 at the Chamber of Com-
merce, unless the number present is
too large, in which event the Malone
garage will be used. The Nobles
from the Magic City will arrive here
on a special train at 10:30 o'clock and
shortly afterwards the famous Zam-
ora patrol will drill on Second Avenue.
Following the luncheon, the wearers
of the fez will march to the Decatur
station, and the band concert and drill
will be repeated on Bank street. The
special will have for Sheffield at 12:30
o'clock.

Immediately following the Shef-
field ceremonial, the local Shriner's
will depart for Montgomery to attend
the reunion on Nov. 11. They will charter
a Pullman, to be picked up here and
to continue to Montgomery, with a
stop-over at the Tri-Cities.

It is expected that a class of 125
will be carried over the hot sands at
Sheffield, and forty of this number
will come from Albany, Decatur, At-
hens, Huntsville and Cullman.

ALL ALABAMA MINES NOT UNDER CONTRACT TO CLOSE IN WEEK, VAN BITTNER SAYS

(International News Service)
BIRMINGHAM, Sept. 24.—All the
coal mines in Alabama not under con-
tract are expected to close within a
week, according to a statement is-
sued today by Van A. Bittner, spe-
cial representative of President Lewis
of the United Mines Workers of Am-
erica, who is supervising the coal
strike in this state.

Announcement was made that mass
meetings would be held Sunday at east
Mulga, Wylam and Republic, towns
where the miners are still at work.

In response to the request of Wil-
bur W. Marsh, treasurer of the Demo-
cratic National committee, the Daily
today has opened its columns for the
purpose of soliciting funds to be used
in presenting the democratic cause in
the present campaign. The first sub-
scriber is Judge Wm E. Skeggs, who
has contributed \$10.

All money received by the Daily
will be forwarded to Treasurer Marsh,
and public acknowledgement made of
its receipt.

The appeal from Mr. Marsh fol-
lows:

The Treasurer's Office of the Demo-
cratic National Committee needs your
help, needs it badly, needs it now and
in a liberal portion and as vigorous
a manner as possible.

We need it to get our message,
your message, the message of Gov-
ernor Cox—who, as you recall, is a
member of your craft—to all the peo-
ple.

We are almost without funds. Won't
you please open the columns of your
newspaper, with the next issue, for
the solicitation and receipt of con-
tributions towards the expenses of the
Democratic National Campaign?

In 1916 more than 100,000 persons
gave financial aid in presenting the
Democratic cause, successfully as you
know, to the voters. If an equal num-
ber help this year, our message will
go to all the people and success will
be assured.

We have no desire or expectation of
matching millions with the opposition
but as you know a certain amount
of cost entailing work must be done in
order to thoroughly acquaint the peo-
ple with the merits of our cause, and
particularly to combat the misrepres-
entations widely distributed by vir-
tue of the immense funds available to
our opponents.

Sincerely yours,
W. W. Marsh,
Treasurer Democratic National Com-
mittee.

BASEBALL SCANDAL IS BEING PROBED

WITNESSES TO APPEAR BEFORE
COOK COUNTY GRAND JURY
TODAY

(International News Service)
CHICAGO, Sept. 24.—Ban B. John-
son, president of the American Leag-
ue, is expected to tell the Cook coun-
ty grand jury today of the attempt
to "blackmail" the Chicago White Sox
into losing the pennant this year.

George M. Cohan, noted actor, and
Mont Tennes will probably be sub-
poenaed to tell about losing \$110,000
betting on the White Sox in the 1919
world series.

Rube Benton, a Giant pitcher, said
today he would tell the grand jury
that a Pittsburgh syndicate of gam-
blers is said to have paid \$100,000 to
White Sox players to have the last
world series "thrown" to Cincinnati.
Benton said the world series checks of
Eddie Cicotte, Claud Williams, Fitz
Gandel and Haps Feltz were held up.

The statement by Bittner follows:
"Miners are launching the new of-
fensive with enthusiasm and vigor.
Expect every mine in Alabama not
under contract to be closed down with-
in a week. Organizers report pro-
gress in Walker county and report
soldiers are protecting them against
company gunmen. We are not con-
ducting a front porch campaign."

The coal operators maintain their
report on the exact contrary to the
situation as portrayed in the miner's
statement.

DECATUR COUNCIL SUSTAINS NELSON'S VETO OF ORDINANCE SALARIES RAISED

Motion of Alderman Dix for
Probe Fails for Want
of Second.

VOTE IN RECENT
ELECTION CANVASSED

Mayor to Receive \$1,000 Per
Year and Aldermen
\$100.

Efforts of Alderman T. M. Dix to
secure a grand jury investigation of
the votes cast in the recent Decatur
municipal election upon affidavit, said
to number 35 or 40, failed at the meet-
ing of the Decatur city council last
night when a resolution that he offered
did not receive a second.

A motion by Alderman Dix to pass,
the mayor's veto notwithstanding, a
resolution offered prior to the election
and providing for a rigid inspection
of the balloting, the qualifications of
electors and for an investigation to be
paid for out of the funds of the
city, was also lost for want of a
second. When originally presented it
was supported by all members of the
council present, it was stated, Ald-
erman Thomason at the time being out
of the city.

The second Dix resolution that was
offered last night follows:

"Be it resolved the city attorney be,
and he is hereby authorized, and di-
rected, to cooperate with the solicitor
of this county in investigation of the
regularity of all votes cast in which
affidavits are made and in presenting
evidence regarding any illegal voting
to the grand jury of the county for
investigation and said city attorney
is hereby directed to report back to this
council the result of his investiga-
tion."

Mayor Nelson, in vetoing the origi-
nal resolution, set out in his veto
message that "The general election
laws of the state clearly, specifically
and fully fix and define who are qual-
ified voters in the coming election and
also in plain language prescribe the
duties resting upon the election of-
ficers" and that the city council was
exceeding its authority in attempting
to pass such a resolution. He also
held that it was unlawful for the
city funds to be used for such a pur-
pose.

Salaries Raised
The council, after canvassing the
vote of the recent election and de-
claring the nominees, also raised the
salaries of councilmen and mayor. The
councilmen will receive \$100 per year,
instead of \$50, and the mayor \$1,000
per annum, instead of \$900.

DOLLAR A BUSHEL FOR CORN CROP

INDICATIONS ARE THAT CEREAL
WILL BE MUCH CHEAPER
THIS YEAR

COLUMBIA, Tenn., Sept. 24.—It is
the best judgment of those who are
familiar with crop conditions that the
price of corn at the opening of the
new crop will be around \$5 a barrel.
In fact some corn of the new crop
has already been purchased at \$5 a
barrel by Columbia dealers. This is
close to the December market at
Chicago which is \$1.05 or \$5.25 a bar-
rel.

It is reported that at Lynnville,
which is the center of a large corn
producing section and where much
corn is produced, some of the dealers
have purchased the new crop at even
less than \$5 a barrel. But it is con-
sidered likely the market will contin-
ue to justify a dollar a bushel.

It will probably be around thirty
days before any of the new crop comes
to market, depending partly on the
weather during that period. Dry
weather and an early frost would
bring the crop into Columbia much
earlier than a late fall.

FEDERAL RESERVE
THE GOODS

the federal reserve system has
ly revolutionized the bank-
ness cannot longer be de-
e recent achievement in
e cost of living downward,
the department of justice and
pressure of public opinion had
alled, is one of the most re-
e in the history of finance. By
word it has curtailed specu-
has taken the profit out of
er and has caused the nation
ake off its frenzied haste to be
and to return to a conservative
common-sense basis.

after another the big manu-
facturing establishments are falling
e. Henry Ford started the fol-
an toward the normal, and fol-
g closely in his footsteps are
Amoskeag people, the Franklin
manufacturers, even the mail or-
ganz. There will be other an-
cements of similar import daily.

This does not mean that prices
go back to the point where they
before the Kaiser broke loose.
a condition of affairs would not
sustainable. It would cause another
adjustment of equal import with
one that took place when the dol-
lars began to depreciate in buying
power. And just now the country
large is tired of sudden changes.

is begun to crave stability.
that the federal reserve board has
is to raise the discount rate just
to knock the speculators off
feet. The man with the ready
is still supreme, but the gentle-
man with good bank connections who
can use money that he did not own
buying up commodities to be held
an extreme profit is simply out of
ness. He is forced to keep close
shore—and that means that he
can't unload. The legitimate busi-
ness of the country is to be taken
over, and that same federal re-
serve system that said prices must
be down can also say that the price
line shall stop when the safety
is reached.

DEMOCRATS APPEAL
TO WAR SINEWS

The democratic party is the party
of the people. Its only rich members
are those who are democrats by her-
edity and whose fathers were poor. It
not call upon "big business" to
derivate its campaign expenses,
for so paltry a sum as one mil-
lion dollars. It must depend on in-
dividual contributions for waging its
residential drives. For that reason
Daily, as a democratic newspaper,
opening its columns at the sugges-
tion of National Treasurer Wilbur
Marsh for the solicitation of those
small bits that go to make up an
aggregate that will enable the Cox
special to keep running and that will
take care of legitimate campaign ex-
penses. The heroic fight which the
standard bearer is waging is a lone
fight. He has behind him only a
semblance of an organization and
scarcely any funds at all. But \$125-
00 has been raised to date, and the
election is but slightly more than a
month off. Whatever is to be done
must be done quickly. Every loyal
democrat could drop a dollar or two
into the hat without facing bank-
ruptcy, and whether the battle is
won or lost will feel better because of
having done so.

Prepare for "Leisure Years."

Long life is not worth while unless it
is active. Merely to exist in dull and
passive contemplation of the im-
mediate environment invites the verdict,
"Better dead." Men and women who
hope to live long and retain their fac-
ulties should, if a Baltimore physician
is to be believed, take a little thought
in advance for the work of the "leis-
ure" years.

NEGRO IS KILLED
BY A FUSILADE

MAN SUSPECTED OF MURDER-
ERING DETECTIVE SHOT BY
OFFICERS

(International News Service)
BIRMINGHAM, Sept. 24.—As the
result of being surrounded by 20 police
officers and detectives, Albert Gold-
smith, negro, suspected of having shot
and killed detective Sam Dobyns last
Saturday night, is dead today. When
called upon to surrender he is said to
have leaped from his hiding place,
snapping a pistol at the officers. In
the fusillade of shots, two other negroes
were wounded, running from the
scene in their night clothes.

Will Preach Last
Sermon on Sunday

Rev. Wm. N. Shell, for the past
nine years pastor of the First Pres-
byterian church of Decatur, will close
his ministry with that congregation
on Sunday morning at the 11 o'clock
service. At that hour Rev. Shell
will preach, and the service will be
featured by special music. A cordial
invitation is extended to this ser-
vice.

McCluskey Lectures
to County Masons

W. R. McCluskey, county lecturer
for a number of Masonic lodges, has
just completed a week's course of
lectures and returned to his regular
employment at the L. & N. shops.
Mr. McCluskey held conclaves at
Somerville, Hartselle, Eva, and Falk-
ville. Large classes turned out for
the lectures and much enthusiasm
was manifested.

To Keep Pipes of Furnace Clean.

In order to recover small articles
dropped through the floor register
grating of a hot-air heating system
without the necessity of removing a
section of the pipe, mesh gratings may
be fitted into place. No. 6 gauge wire
mesh may be used in pieces just large
enough to fit into the metal box be-
low the register.

Movies Use Much Silver.

It is shown that the cinematograph
industry uses a large amount of silver.
There are about 20,000 picture-houses
in the United States, using approxi-
mately 120,000,000 feet of film regular-
ly. The average life of a film is three
weeks. It is estimated that 15,000,000
ounces of silver per year are used for
sensitizing purposes.

Hor Theories.

"Our dressmaker seems to carry out
her business principles in her garden-
ing."
"How so?"
"I see her mushroom buttons are
mostly in the waste places."

Whale Teeth Used as Currency.

Whale's teeth pass as currency in
the Fiji Islands. They are painted
white and red, the red teeth being
worth about twenty times as much
as the white.

CHILD DEAD FOR YEAR
RETURNS TO LIFE AGAIN
IN SPIRITUALIST FAMILY

(International News Service)
DYSART, Ia., Sept. 24.—Mrs. Ada
Robbins, young and pretty, believes
absolutely that her child, which died
October 1, 1919, was given back to
her through the intervention of in-
habitants of the spirit world.

William Howard Robbins, her hus-
band, matches her conviction with a
sturdy faith. They are both students
of spiritualism.

They had been told, the mother
says, that the child should be returned,
so Robbins and his wife donned white
robes and filled the house with flow-
ers.

"I was awake," Mrs. Robbins said,
"my husband was asleep. Suddenly
at the foot of my bed a luminous
figure appeared, carrying a tiny baby,
which was placed on the bed between
my husband and myself. Later I
aroused my husband. It is our dead
baby come to life, I am sure of that."

"What she says is true," asserted
her husband. "It is our baby come
to life and we do not believe anything
else."

They took the child to a physician,
who said it was fully matured. Both
children were tongue-tied and look
alike in all respects.

Neighbors shake their heads when
discussing the event, but say they
do not know how to explain it.

KETCHAM HEADS
BLUE VETERANS

(International News Service)
INDIANAPOLIS, Sept. 24.—W. A.
Ketcham, of Indianapolis, was chosen
commander-in-chief of the Grand
Army of the Republic, at the closing
session of the national encampment
here today. He succeeds Daniel M.
Hall, of Columbus, Ohio.

Use Lunch Baskets
in Fight Lower
Restaurant Tolls

(International News Service)
CHICAGO, Sept. 24.—Chicagoans
are dragging the old tin lunch baskets
down off the pantry shelves, filling
them with sandwiches, cakes, pie, ap-
ples and etc., direct from the family
larder and carrying them to work, as
a part of a determined campaign that
has been launched in an effort to force
restaurants to reduce their prices.

Russell J. Poole, secretary of the
High Cost committee of the city coun-
cil, predicts that the "bring-your-
lunch" movement will force restau-
rants to lower their prices from 5 to
50 per cent.

Famous Small Bells.

The source of the dinner table "call
bells" is not always traceable. Some
come from old churches, where they
have served as altar bells, especially
those that have Latin quotations on
the medallions on the sides of their
cup-shaped gongs. Those that rep-
resent famous personages are after the
fashion of the period in which their
founders made their familiar figures in
the public eye. Some are patterned
after the bells in certain famous
chimes—like the copies of bells from
the famous Miller collection in Cal-
ifornia.

Feared Burial Alive.

Hans Andersen and Harriet Mar-
tineau left specific instructions that
they should not be buried until every-
thing had been done to make sure
that they were lifeless. So did Wil-
kie Collins, whose novel "The Two
Daughters" contains a thrilling ac-
count of a scene in a German dead-
house when an English widow, poi-
soned and supposed to be dead, sits
up and confronts her enemies.

School Teacher
Needed Brains

"I never have had such a 'God-
send come to me as when I took the
first dose of May's Wonderful Re-
medy. I was afraid I would have to
give up my school because of severe
stomach, liver and bowel trouble which
caused such a pressure of gas that I
could not use my brain at times, and
my heart would palpitate awfully.
Since taking a treatment of May's
Wonderful Remedy a year ago, all
this has disappeared." It is a simple,
harmless preparation that removes
the catarrhal mucus from the intes-
tinal tract and allays the inflammation
which causes practically all stomach,
liver and intestinal ailments, includ-
ing appendicitis. One dose will con-
vince or money refunded.—S. M.
Thompson, Albany; G.W. Drug Co.,
Decatur.—Adv.

Taxes Stay High,
Says Mr. Houston

(International News Service)
WASHINGTON, Sept. 24.—There
will be no administration proposal
for lower taxes when congress
convenes in December. This decision
practically has been reached by cabi-
net heads.

Secretary of the Treasury Houston
when asked what he would do concern-
ing demands for lower taxes, said
today that he had not completed his
annual report but that thus far the
tentative draft contained no appeal to
congress for a decrease in the govern-
ment revenues.

Nature's Supremacy.

Emerson in his essay on Nature
says: "At the gates of the forest the
surprised man of the world is forced
to leave his 'city estimates of great
and small, wise and foolish. The
knapsack of custom falls off his back
with the first step he makes into
these precincts. There is sanctity
which shames our notions and reality
which discredits our heroes."

Flowers.

Flowers seem intended for the solace
of ordinary humanity; children love
them; quiet, tender, contented, ordi-
nary people love them as they grow;
luxurious and disorderly people re-
joice in them gathered; they are the
cottage's treasure; and in the crowded
town mark, as with a little broken
fragment of rainbow, the windows of
the worker in whose heart rests the
covenant of peace.—Ruskin.

CHIROPRACTIC

What is Your Health Worth in Dollars and Cents?

If you don't count the suffering, count the cost. If you don't count the cost, count the suffering.

No person wants to be sick, be they rich or poor. The question is, "How to prevent it?" We tell you this and we are most positive as to truth of the statement—that Chiropactic Adjustments will do more, more often to build up the system, strengthen the nerves, rebuild wasted tissue, stimulate the body organism and thereby preventing and relieving sickness than any other science known.

Chiropactors do not prescribe medicine.

CLUB CALENDAR

Friday

Friday Night Club Mrs. R. T. Sheppard
Canal Street Rook Mrs. Will Edwards
Ferry Street Rook Mrs. A. J. Harris

MRS. T. Z. BUCHHEIT ENTERTAINS CLUB

To compliment her mother, Mrs. Sarah Houlihan, Mrs. T. Z. Buchheit entertained the C. C. Club yesterday afternoon at her attractive apartment on Sherman street. Garden roses, gift flowers, lent their charm to the living and dining rooms where Enchre was played. The prizes for score fell to Mrs. James Mitchell, Mrs. Houlihan and Mrs. George Grush. After a most interesting game, the hostess served dainty ices.

PICNIC

Quite a number of friends motored out last evening with baskets for a picnic dinner to the home of Mrs. F. M. Burns on Hartselle pike. One of the enjoyable features was that of a volunteering to pick cotton on the farm. Those present were: Mrs. Charles Campbell and son, and Mrs. Cary of Decatur, Mrs. James Allen and daughter, Mrs. W. A. Sullivan and children, Mrs. J. Pettie Ezell and children, Mrs. E. L. McNutt, and Mr. and Mrs. W. O. Norton and son of Albany and Mrs. F. B. Wells and children of Birmingham, sister to the hostess.

Mrs. C. A. Able, of Birmingham, is visiting her daughter, Mrs. E. E. Dickinson in Decatur.

Mrs. T. G. Morrow continues quite ill at her home on LaFayette street, Decatur.

Mr. and Mrs. James Merton Morrow of Atlanta, Ga., are here at the bedside of Mr. Morrow's mother, Mrs. T. G. Morrow, who is critically ill.

Mrs. G. R. Whitworth of Tweaksbury, Mass., and children are expected to arrive today, they were summoned to the bedside of Mrs. T. G. Morrow.

Mr. and Mrs. R. E. Hewlett returned yesterday from a week's visit to Chattanooga.

Miss Ernestine Carriger left yesterday for Columbia, to resume her studies at the Institute.

Miss Alleen Crook is spending the week-end in Birmingham.

Mr. and Mrs. C. P. McDaniel left this afternoon for Nashville, where they are going to visit relatives of Mr. McDaniel, also to visit the Tennessee State Fair. They will return to Albany Sunday night.

Miss Dramer Self of Eva, is the guest for a week of her aunt, Mrs. F. M. Hamilton.

Mrs. W. W. Taramore, of Albany, Ga., is visiting relatives in Decatur.

Death Yesterday of W. W. Wheeler

Friends here will be pained to learn of the death on yesterday at Harpersville, Ala., of W. W. Wheeler, son in law of Mrs. W. V. Neville. Remains will be taken to Trinity, where, at the Methodist church on Saturday, services will be had for the deceased, Rev. Morris officiating. Death came after an illness of several years borne with fortitude. Mr. Wheeler is survived by his wife and little daughter. The following will be the pall bearers: Walter Neville, Rayburn Neville, Dorson Lile, Charles Grayson, Charles Arbuckle and O. E. Young.

Your coal goes a long way when burned in Cole's Hot Blast Heaters. They are fuel savers.—Adv.

Why Dog's Nose is Cold

Tradition gives a droll explanation of the ever-chilly nose of the canine: Noah had some anxious and annoying moments when he was trying to coax the animals into the ark. They ran hither and thither and gave him no end of bother until he had a dog chase them, making them go where they belonged. Attending strictly to his duty and not giving up until the last pig and hyena were safely inside the ark, the dog himself was the last to get aboard. So he was obliged to squeeze himself in with his nose in the water during the whole of the voyage, an adventure that has made the noses of his descendants cold and wet forevermore.

Eiffel supplied \$700,000 and the French government \$300,000 for building the Eiffel tower.

Chicago's normal annual factory output is valued at \$3,000,000,000.

Painting

The powers exerted in the mechanical part of the art have been called the language of painters; but we may say, that it is but poor eloquence which only shows that the orator can talk. Words should be employed as the means, not as the end; Language is the instrument, conviction is the work.—"The Discourses of Sir Joshua Reynolds."

There Was a Reason

Mary returned from Sunday school and complained that one of the "little boys" had slapped her. The following Sunday the mother asked her if the boy had slapped her again. "No," replied Mary, "I didn't call his little sister a monkey today, so he didn't slap me."

The United States is the largest wool using country in the world.

Cotton has been grown in India since beyond the memory of man.

TO RELIEVE CATARRH OF DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness are hard of hearing, or have noises go to your druggist and get ounce of Parment (double strength) and add to it 1-4 pint of hot water a little granulated sugar. Take a tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing come easy and the mucus stop dripping into the throat. It is easy to prepare, costs little and is pleasant take. Anyone who has Catarrhal Deafness or head noises should try this prescription a trial.—Adv.

The world's diamonds would fill a box making an eight-foot cube.

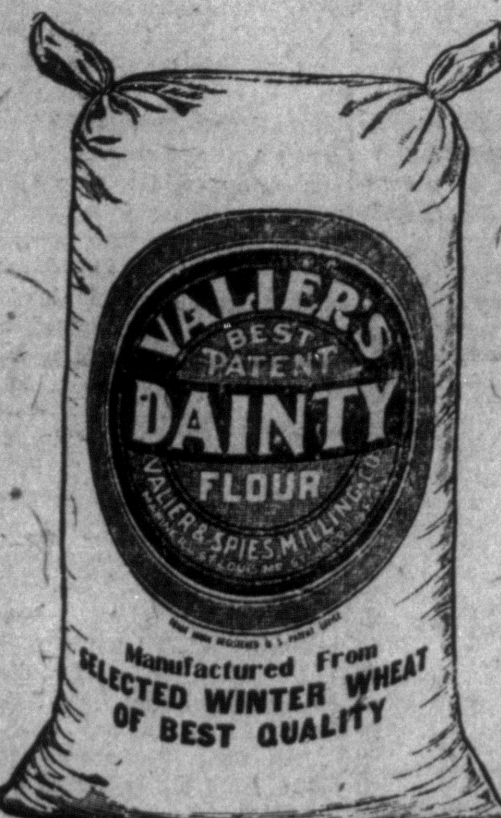

Light as a Summer Cloud

Biscuits so light and fluffy that seemingly a breath of air would lift them from the table—biscuits with brown, crumbly crusts and centers snowy white!

Such biscuits can best be made with Valier's Dainty Flour. Milled slowly from the choicest parts of the finest soft winter wheat, Dainty Flour possesses unusual baking qualities. It enables the finest cooks in the world to do the finest baking.

Of course such a flour costs slightly more because extra fine wheat commands a premium. But the few cents extra are many times paid by the satisfaction of better baking. And Dainty requires less shortening.

Food Prices Drop In South Carolina

(International News Service.) GREENVILLE, S. C., Sept. 24.—Local restaurant proprietors here have announced general reductions in food prices averaging from 5 to 10 per cent per item. They contend this is possible because of decline in wholesale prices.

Horace Greeley reached New York with \$10 and four years later founded a weekly newspaper. Eskimos of Alaska are decreasing in population.

BIRTH

Born to Mr. and Mrs. Samuel F. Evans, a daughter.

MEET TONIGHT

The Retail Merchants Association will meet tonight in the Albany Chamber of Commerce rooms at 7:30 o'clock.

POSTPONED

Dr. George Stuart will not be here on Saturday evening to fill the engagement advertised, but it is thought he will be here some time next week.

COUNTY COURT RECESSES

The county court, which has been in session this week with Judge W. T. Lowe presiding, recessed yesterday until Monday.

Tragedy In Auto Being Investigated

(International News Service.) BIRMINGHAM, Sept. 24.—Five affidavits filed with Coroner Hogan today constituted the inquest into the death of Wm M. Cosby, Jr., who was mysteriously shot last Sunday night on a midnight automobile party.

Coroner Hogan announced no verdict, and declined to make the contents of the affidavits public, except the names of the persons who made them. The affidavits were by Chappell Hodges and Dr. Cecil Gaston, brothers-in-law of Cosby; W. M. Cosby Sr., and Miss Alma Dee Jolly and Arthur C. Marks, the two companions of the dead man on the fatal ride. Coroner Hogan said the affidavits would be given Solicitor Joseph R. Tate.

HEBE

-a friend to good living
-a foe to high cost of
living-it has a dozen uses
on your cooking table
every day

Use HEBE for

Rice Pudding
Poor Man's Pudding
Indian Pudding
Tapioca Custard
Bread Pudding
Chocolate Pudding
Cottage Pudding
Ginger Pudding
Snow Pudding
Cabinet Pudding
Pudding Sauces
Custard Sauces

Serve HEBE with
Coffee and Tea
and in Cocoa.

Use HEBE every time
you mix a pudding

FOR a rich and nutritious pudding, for an economical pudding—
HEBE answers admirably. Food experts are agreed, you know,
that all desserts should be wholesome, digestible food as well as
being pleasing to the taste. That is the kind of pudding you will
make with the help of HEBE.

To know the real economy of HEBE, use it for all your cooking
and baking. A dozen or more times a day it will save a little and
make your foods especially appetizing.

HEBE is a balanced food—pure skimmed milk evaporated to double
strength enriched with coconut fat. In the sealed can, it retains its
purity and wholesomeness guarded so carefully in the process of
manufacture—and it is always ready at hand. Write for the HEBE
Book of Recipes. Address Home Economy Dept., 2002 Consumers
Bldg., Chicago.

MORGAN COUNTY PEANUTS MAY BEAT COTTON CROP

Peanut raising in Morgan county
may supplant cotton if the farmers
have as much success as C. P. Sewell
of 407 Moulton street, Albany.

Mr. Sewell has a truck patch on
Sixth avenue, west. It is ordinary
white bottom land yet Mr. Sewell is
harvesting a large quantity of pean-
uts for which he is receiving 12 cents
per pound, wholesale. The peanut hay
is selling for \$35 per ton.

The growing of peanuts has be-
come a great industry in South Ala-
bama since the boll weevil made cot-
ton an unprofitable crop. Although
the peanut is rapidly becoming popu-
lar in this section of the state as a
money crop, it has not been cultivated
so extensively as in the southern part
of the state. However, many Morgan
county farmers are of the opinion that
thousands of acres of peanuts will be
planted in this county next year un-
less cotton prices become more stable
in the meantime.

Mr. Sewell does not yet know how
many pounds of peanuts he will har-
vest to the acre, but he believes the
crop will be heavy. He planted his
peanuts ten inches apart.

"Rarin'" to Go on the Big Day

Thirty-three cars in thirty minutes
was the record number of automobiles
secured yesterday for attending the
Albany-Decatur day at the Morgan
County Fair at Hartsville. A big
crowd will go and provision will be
made for you in an automobile if you
will show up before 9 o'clock on
Second Avenue on Friday, Oct. 1. E.
D. Whitman, Zeno Bailey, B. B. Pic-
kens, Joe Woods, Asbury Malone,
Hodges Crow and John Sandlin will be
in charge and will look after the inter-
ests of the crowd.

RECIPE FOR A MAN

Follow directions carefully and re-
sults are guaranteed.

Take a healthy body, with a nor-
mal brain and carefully remove all
envy, jealousy, malice, hatred and
fear. Add equal proportions of hon-
esty, truthfulness, courage and fide-
lity, mix with large portion of the
milk of "human kindness" and brother-
ly love; add equal parts of opti-
mism and caution; stir with energy
and vigor; flavor with "pep" and gin-
ger and season with experience; re-
fine by a process of education; mould
in moral environments; garnish with
an attractive personality and serve
according to the Golden Rule.—The
Informant.

D'Annunzio Is Fiume Premier

(International News Service.)
PARIS, Sept. 24.—Gabriel D'An-
nunzio has proclaimed himself pre-
mier and foreign minister in the ca-
binet of Fiume, said a dispatch to
the foreign office from Milan today.

Panama hats are made from fibre
taken from the leaves of palm trees.

Luygues Named French Premier

(International News Service.)
PARIS, Sept. 24.—Georges Luy-
gues, minister of marine in the Clem-
enceau cabinet, today accepted the
premiership, succeeding M. Millerand,
who was elected president of France
yesterday.

M. Luygues also will hold the post
of foreign minister. The other mem-
bers of the Millerand cabinet will re-
tain their portfolios.

Use of Rice Bound to Increase.

The comparatively low cost of rice
has made it the staple article of food
in Asiatic countries. Rice is also
extensively used in all other parts of
the world, as it is easily transported
and can be held for a considerable
period without deteriorating. There
is no doubt that its consumption will
materially increase with the dissemina-
tion of knowledge regarding the vari-
ety of palatable ways in which it may
be prepared to suit the tastes of the
most fastidious.—E. G. Herr, in Grace
Log.

Petty Coat

This was the former spelling of
petticoat, which meant the little or
short coat worn in other days, by
men. Henry V. had a "petty coat"
of red damask with open sleeves. Af-
terward the fashion, with skirt vari-
ations, was initiated by women, who
copied the gown, robe, frock, and
blouse, which were all worn in the
first place by men.

Natural Supposition.

The girls employ such a redundancy
of non-nature in describing their
garments, such as slip-over night-
gowns, for instance, that if they ever
fairly should come to our style of
dress we suppose they'd call 'em step-
in pants.—Ohio State Journal.

A PROCLAMATION

STATE OF ALABAMA

EXECUTIVE DEPARTMENT.

WHEREAS, The Legislature of
Alabama, at its regular session in the
year 1919, ordered an election by the
qualified electors of the State of
Alabama, upon a certain proposed
amendment to the Constitution of
Alabama, which is herein set forth, to
be held at the general election in
November, 1920; and

WHEREAS, Notice of such election
together with the proposed amend-
ment is required by law to be given
by proclamation of the Governor;

NOW, THEREFORE, I, Thomas E.
Kilby, Governor of the State of Ala-
bama, do hereby give notice, direct
and proclaim that at the general
election in November, 1920, an elec-
tion will be held for the vote of the
qualified electors of the State of Ala-
bama, in the manner, form and places
required by law, upon the following
amendment to the Constitution of Ala-
bama, viz:

"Section 1. The several counties
in the State shall have power to
levy and collect a special county
road tax not exceeding fifty cents on
each one hundred dollars worth of
taxable property in such counties in
addition to that now authorized or
that may hereafter be authorized for
public road purposes; provided, that
of such tax, the time it is to continue
and the purpose thereof shall have
been first submitted to the vote of
the qualified electors of the county,
and voted for by a majority of those
voting at such election.

"Section 2. The funds arising from
the special county road and bridge
tax levied and collected by any coun-
ty shall be apportioned and expended
by the courts of county commis-
sioners or boards of revenue of such
county in the following manner, to-
wit: Fifty per cent of said taxes
levied and collected shall be used for
maintenance of roads and bridges,
and the remaining part shall be used
in constructing roads, bridges, cul-
verts, etc., as such boards of revenue
or courts of county commissioners
may direct.

"Section 3. Twenty-five per centum
of all moneys derived from property
lying within municipalities and aris-
ing from the tax proposed herein
shall be paid to such municipality
and shall by it, be expended for up-
keep of its streets.

"Section 4. That the court of coun-
ty commissioners, boards of revenue,
or other governing body of such
county may, or upon written peti-
tion of ten per centum of the qual-
ified voters of any county shall call
and submit said election provided
for and authorized by sections one
and two hereto to the qualified elec-
tors of such county either at the
same time of the general election, or
at a special election called for that
purpose; provided, that said election
shall be called and held in accord-
ance with the law now or that may
hereafter be enacted governing coun-
ty bond elections, and in conformity
with the general election laws of the
State."

IN WITNESS WHEREOF, I have
hereunto set my hand and caused the
Great Seal of the State to be affixed
at the Capitol in the City of Mont-
gomery, on this 27th day of Au-
gust, One Thousand Nine Hundred
and Twenty.

THOS. E. KILBY,

(Seal) Governor,

By the Governor:

WM. P. COBB,

Secretary of State.

IVAN AS SEEN IN TRENCHES

Letter From Artist in Trenches Tells
How Russians Face Death in
Fierce Fighting.

The Paris Figaro contains many let-
ters from Russian soldiers who, before
the war began, were residents in Paris.
One, an artist, thus describes a scene
one evening before orders were car-
ried out by the regiment to make a
move in the rear. At a certain place
on the Russian front the gassing from
the enemy became unendurable, large-
ly because of the weak location of the
Russian trench. To remain where the
regiment was was to court certain suf-
focation. To retire meant volleys of
shells. It was resolved to retire. A
few minutes were given for Ivan—the
Russian boys—to prepare.

"One of them," writes the Figaro's
correspondent, "took from his breast
a cross and kissed it three times.
Then, looking toward the dark sky, re-
peated the sacred words, mother, fu-
ther and wife. He replaced the cross
in his breast, and said, quietly, 'I am
ready.' He was the first to fall under
the merciless fire of the enemy. An-
other soldier, not long in the trenches,
and speaking with an eastern accent,
knelt in the cold, damp trench, and
went through his devotions. 'It will
be easier,' he said, 'for me to die than
Ivan here. I have no one to care for
me.'"

But he got through the scrimmage
to our rear trench. Such are the for-
tunes of the trench in this eastern
fight.

BRAIN WORKS BEST AT NIGHT

Many Noted Writers and Painters
Have Found Calm and Quiet Con-
ducive to Best Work.

The brain can apply itself and work
far better at night than at any other
time is the conclusion to which Albert
Cim has arrived in his treatise of the
subject in a recent number of the
French magazine La Revue.

The reasons upon which he has
based his conclusion are, first, that
you do not risk being disturbed by
telephone, visitors, janitors or cooks;
second, that there is a calm and si-
lence at night which is most propitious
to thought, a calm which reigns nearly
everywhere and at that time envelops
one; and, third, there is no incom-
moded noise at night.

He cites the cases of authors who
wrote only at this time; George Sand,
for instance, whose favorite hours were
from midnight to 4 a. m.; M. Littré,
who works at night and does his dig-
ging and delving in lexicons in the day.
Balzac was another nightworker and
when he was forced to work by day he
invariably drew the blinds and lit
the candles to fool himself into believ-
ing it night. He went to bed generally
at 6 or 7 and was called at midnight.

Painters, M. Cim says, find night
conducive to work. Here he cites the
case of Guodet.

Malaria Underrated Disease.

Malaria is an infectious disease of
moist tropical regions, and of temper-
ate climates in late summer and early
fall, being associated with marshy
areas and mosquitoes. Dr. J. W. Trask
finds that in the United States its se-
riousness is much underrated, and
points out that, while it is not com-
monly a direct cause of death, it lowers
bodily resistance, and has great influ-
ence in shortening the average dura-
tion of life in localities where it oc-
curs. It is given so little attention by
physicians even that little accurate in-
formation as to the extent of its preva-
lence can be had. Though it has not
yet been entirely banished from any
state, however, it is known to be much
less widely prevalent than 50 years
ago, and the northern limit of the epi-
demic area has gradually receded from
the Great lakes and over the Canadian
border, so that the disease has almost
disappeared from Wisconsin and Min-
nesota, once badly infected.

Special Eyeglasses for Divers.

A new eyeglass has been patented
for the use of submarine divers. It is
well known that the human eye does
not function properly under water, ob-
jects appearing badly blurred and dis-
torted. This is due to the fact that
the speed of light in water is different
from the speed of light in air, and
hence the light rays enter the eye with
a different angle of reflection. The
eye, being designed for focusing rays
coming through the air, is unable to
focus rays coming through the water.
The condition is analogous to that of
defective eyes which are unable to fo-
cus properly ordinary light rays in the
air. It may be similarly corrected by
the use of special lenses, with the help
of which the diver can see as clearly
under water as in the air.

Policewomen in Britain.

War has drawn women into police
service in England. In eight or nine
cities policewomen have been installed
as part of the regular force. The po-
licewoman is in large demand in the
munition factories, where, owing to the
presence of many women, she performs
many functions such as detective,
chapman, welfare worker and watch-
man, but in the main in these plants
her work is of a preventive and protec-
tive nature, serving the young people
of her own sex.

Secret Service Costs Big Money.

Great Britain's service now costs
£500,000 a year, an increase of £400,000
since the beginning of the war. The
increase in the cost of the secret ser-
vice department was greatest during the
last fiscal year—£120,000 over and
above the estimated amount to run it
being required.

BALLOON RACES BEGINS SATURDAY

TWELVE ENTRANTS IN ELIMIN-
ATION CONTEST TO START
AT BIRMINGHAM

(International News Service.)
BIRMINGHAM, Sept. 24.—Twelve
balloons are scheduled to enter the elim-
ination national balloon races at 4
o'clock Saturday afternoon. The slo-
gan is, "Birmingham to Labrador."
Allen R. Hawley, former president
of the Aero Club of America, and
Leon Stevens famous aeronaut of the
army and navy, are present for the
races.

The international balloon races for
the Gordon Bennett trophy will be
held October 3.

WINTON'S STORE TO OPEN SATURDAY

GENERAL LINE OF MERCHAN-
DISE TO BE CARRIED BY MOUL-
TON STREET ENTERPRISE

Formal announcement is made to-
day of the opening tomorrow of Win-
ton's Cash Store, which will occupy
one of the new Bernstein buildings
on Moulton Street. The store is be-
ing opened by S. M. Winton, the popu-
lar Second Avenue merchant, and will
carry a general line of merchandise
and groceries.

Police Terrorism In Ireland Goes

(International News Service.)
LONDON, Sept. 24.—The govern-
ment moved today to end police ter-
rorism in Ireland. A military in-
quiry into the sacking of six Irish
towns is under way and it will be fol-
lowed by a judicial investigation.

666 HAS MORE IMITATIONS THAN ANY OTHER CHILL AND FEVER TONIC ON THE MARKET

icine Line. Imitators Can See How to Copy the Style of Pack-
age, Directions, etc., and Give It Some Name or Number, But
They Cannot See the Ingredients and Are Liable to Get Them
Wrong.

666 has proven it will cure Malaria, Biliousness. Loss of Appetite. Foul
Chills and Fever, Bilious Fever, Colds
and LaGrippe. It kills the parasite
that causes the fever.

666 is a fine tonic for pale people.
It builds up the blood corpuscles to
a red, healthy condition, giving a nat-
ural, healthy complexion.
666 quickly relieves Constipation

We especially recommend 666 for
those exposed to the weather, as they
can take it, eat anything they want,
and go right on with their work with
no fear of being salivated.—Adver-
tisement.

Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your
blood the first symptoms are usu-
ally a loss of appetite, followed by
a gradual lessening of energy, the
system becomes weaker day by
day, until you feel yourself on the
verge of a breakdown.

Nearly everybody needs a few
bottles of S. S. S., the great veg-
etable blood remedy, to cleanse out
all impurities about twice a year.
It is an excellent idea to take this

precaution to keep the system in a
vigorous condition so as to more
easily resist disease to which every
one is subject. S. S. S. is without
an equal as a general tonic and sys-
tem builder. It improves the appe-
tite and gives new strength and vi-
tality to both old and young.

Full information and valuable lit-
erature can be had by writing to
Swift Specific Co., 155 Swift Lab-
oratory, Atlanta, Ga.

The Used Car Buyer Makes The Dollar Go Farther

In the hands of a reputable deal-
er, the used car is the biggest
automobile value in any market.
The price seldom, if ever, repre-
sents the actual value left in
the car.

Many cars offered here have
used up only a small fraction of
their running life, still a large
fraction of the original price is
eliminated. Come here for your
used car.

RAMON'S LIVER PILLS

MOST IMPORTANT CROP OF NATION, BABIES, NEVER MORE SUCCESSFUL, STATISTICS SHOW

(International News Service.)

NEW YORK, Sept. 23.—Seattle, Washington, of all the big cities in the United States, is having the best success in raising the country's most important crop—babies. In that city only fifty-four out of every one thousand babies die during that critical first year of a baby's existence.

Brookline, Mass., of all the 526 incorporated cities in the country, has the lowest death rate of babies during their first year—forty out of every one thousand—while El Paso, Texas, has the highest infant mortality, 245 deaths occurring among babies under one year old out of every thousand.

These are just a few of the interesting things brought out in the preliminary "baby crop" report just compiled by the American Child Hygiene Association, of which Dr. Philip Van Ingen, of this city, is president. The Census Bureau issues a similar report each year, but owing to the vast amount of labor involved, official figures for 1919 may not be expected before the middle of next year.

"The 1919 baby crop was the best in the country's history," said Dr. Van Ingen as he explained how the American Child Hygiene Association secured its figures. "Letters were sent to the health officers of every incorporated city in the country. Replies were finally received from 269 cities of over 10,000 population, totalling nearly thirty-one millions. This is a large proportion of the country. In this area over 680,000 babies' births were reported. The estimated births

for the United States amount to about two and a half millions a year.

"This, however, is merely an estimate," said Dr. Van Ingen, "because in only twenty-two states in this progressive, civilized country are 90 per cent of the births reported and registered. Twenty other States have laws requiring it, but they are not enforced. And yet on the registration of his birth may depend a child's right to work, to vote, his eligibility to hold office, to inherit, and his mother's right to a widow's pension."

Some years ago, a great French scientist stated that a baby who comes into the world has less chance to live one week than an old man of ninety and less chance to live one year than a person of eighty. An analysis of the report, however, shows some interesting and encouraging things.

Best Year for Babies
Last year was the best ever for babies in this country. For the 269 cities taken together, the infant mortality rate—which means the number of babies who died per thousand born—fell to the encouraging figure of 87. That is a saving of nearly twelve thousand over the 1918 rate. That year, however, will be remembered as the great influenza year, and the comparison is not fair. If the 1917 rate, 99, had prevailed, seven thousand more babies would have died.

Only a few years ago the spending of public money in the effort to give every baby a fair chance for life was criticized and vigorously opposed. Even today it is none too easy to get money for these citizens who cannot speak for themselves. Medical science tells us that 50 per cent of these deaths are unnecessary and can be prevented.

Practical experience proves it. In our largest cities the death rate for babies used to be very high and it is high still in some of them. There is the dense congestion, poverty and ignorance to combat. Almost half of these cities now spend large sums of money for child hygiene work. The results are shown in the infant mortality rate.

The young people of the B. Y. P. U. attended a meeting at Albany last evening tendered them by the Southside Baptist Church. It was in the nature of a good fellowship meeting, and a most entertaining and enjoyable time was reported by the young people from this place.

Born to Mr. and Mrs. S. E. Gipson on the evening of 21st, a fine boy.

John L. Barber, of Falkville, was here on business today.

Judge W. W. Brandon, of Tuscaloosa, will deliver an address at the Methodist church here next Sunday morning at the eleven o'clock hour. Special arrangements are being made to handle a large audience, which will undoubtedly be present.

Considerable cotton is on the streets today. The gins have been running for the past two days, and from now on there will be an increase each day. The price is near the 30c mark, and that which is being brought in is sold.

Henry C. Teague is here today on business.

Khartoum, an elephant in the Bronx zoo, drinks 36 gallons of water at one time.

MENAGERIE STARS ENJOY 'CLEAN UPS'

Ringling Bros. and Barnum & Bailey Animals Have Private Baths And Everything

Cleopatra and a Glimpse of Her Apartments

Except for those occupied by the polar bear colony and the five troupes of performing seals, there is but one apartment in the menagerie of the Ringling Bros. and Barnum & Bailey Combined Shows which is fitted with a private bath. This is the glass-fronted flat where lives the coy, seventeen-hippopotamus, Cleopatra, mascot of the circus zoo.

Should you engage Cleopatra's keeper in conversation he will tell you that she is a rare flirt and that he has often caught her "making eyes" at the giant, and likewise bachelor, armored rhinoceros who occupies the cage directly opposite. This lady of the Nile is the largest black African specimen ever captured. She will "receive" afternoon and evening when Ringling Brothers and Barnum & Bailey combined exhibit here Tuesday, Oct. 12.

As a result of the consolidation of America's two great circuses there has been produced a menagerie such as has never before toured this country. For, just as the famous showmen have combined the greatest of their arenic talent, the finest of their horses and the most remarkable of their numerous street parade features, so have they merged the marvels of their respective menageries. In addition they have re-established their African and Asiatic expeditions temporarily suspended because of the war. These recently sent the circus over 400 animals. Among these were Cleopatra, a baby elephant, a bicorned rhinoceros, saddleback tapirs, a black chimpanzee of the Congo region, civit cats, gnus, black leopards and a great herd of elands. Civit cats have never before been exhibited either in England or America. According to animal experts, they are the most beautiful creature that lives, not excepting the more gorgeous of the bird kingdom. As menagerie curiosities they are worth their weight in gold.

Sound waves can be seen by properly illuminating the air with an electric spark.

Evacuations undertaken to constitute Brussels a seaport have been completed.

The inner recesses of the Okefenokee swamp of Georgia have never been visited.

GOVERNMENT BLANKETS

NEW GRAY ONES \$5.95 NEW OLIVE DRABS \$6.95 EACH POST PAID

B. F. Davidson makes a record with Yorkshire hogs

Why he uses a single brand of overalls

HE'S got a string of prizes for every year that he has raised the Yorkshire breed. Today B. F. Davidson, of Menlo, Ia., is the best known Yorkshire man in the country.

For seventeen years he has worn overalls. Today he's a steady user of Blue Buckle Overalls.

He has found there isn't a test of farm work that Blue Buckle Overalls do not meet. Like millions of other men everywhere who do big work, who make their farms pay, run the railroads—or work in factories—he has found that Blue Buckles give solid satisfaction on every job.

Try Blue Buckles for yourself. Test the long-wearing denim cloth, the wide double-stitched seams. Feel the comfort of the roomy Blue Buckle pattern. Blue Buckle Overalls and Coats never bind or rip. Solid workmanship in every detail is bound to give you your money's worth.

All sizes—Men's, Youths', Children's. Ask your dealer today for Blue Buckles.

"Blue Buckles are always solid—always comfortable on every job I do."
(Signed) B. F. Davidson

Blue Buckle Overalls Union Made

Biggest selling overall in the world

Removal Notice

On OCTOBER 1st I shall move into the new Bernstein building on Moulton Street and will have a complete stock of Clothing, Shoes, Hats and Gentlemen's Furnishings and cordially invite my friends and the general public to call on me at my new quarters and inspect my stock. I will continue the Cleaning, Dyeing and Tailoring business with an enlarged plant and the very best of service and ask a continuance of your patronage.

A PROCLAMATION

STATE OF ALABAMA EXECUTIVE DEPARTMENT.

WHEREAS, The Legislature of Alabama, at its regular session in the year 1919, ordered an election by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which is herein set forth, to be held on the proclamation of the Governor, and,

WHEREAS, Notice of such election, together with the proposed amendment is required by law to be given by proclamation of the Governor;

NOW, THEREFORE, I, Thomas E. Kilby, Governor of the State of Alabama, do hereby give notice, direct and proclaim that at the general election in November, 1920, an election will be held for the vote of the qualified electors of the State of Alabama, in the manner, form and places required by law, upon the following amendment to the Constitution of Alabama, viz: The Legislature shall have the power to authorize the counties of Alabama which have or which shall have taxable property in such counties of one hundred millions of dollars annually, or more, according to the assessments by such counties for the year 1918, A. D., or according to any assessment hereafter made, to acquire, construct, purchase, own, lease, maintain, use, control and operate highways, railroads, by any kind of motive power conveyance or appliance; freight stations; passenger stations; wharves; piers; docks; warehouses; grain elevators; storage tanks; team trucks and all other facilities and structures appurtenant thereto, for the purpose of receiving, carrying, delivering, reducing in bulk, storing or preparing for shipment of goods, wares and merchandise or passengers over such railroads or in or through such terminal facilities, in aid of intrastate, interstate or foreign commerce; including the dredging, on both banks of the approaches to the water terminals.

Section 2. The Legislature shall have the power to authorize and empower such counties to issue bonds, lend their credit, grant public money, or other thing of value in aid of the internal improvement as described in Section 1 hereof.

Section 3. The Legislature shall have the power to authorize such counties to levy and collect a special tax not exceeding twenty cents on each one hundred dollars of taxable property in such counties, in addition to the maximum rate of taxation prescribed in the Constitution of Alabama. The funds thus raised are specifically reserved to be applied only to the creation and support of the internal improvement herein and hereby authorized.

Section 4. That all such counties shall have the right, power and authority to acquire, construct, purchase, own, lease, maintain, use, control and operate highways, railroads—by any kind of motive power conveyance or appliance; freight stations; passenger stations; wharves; piers; docks; warehouses; grain elevators; storage tanks; team trucks, and all other facilities and structures appurtenant thereto, for the purpose of receiving, carrying, delivering, reducing in bulk, storing or preparing for shipment of goods, wares and merchandise and passengers over such railroads or in or through such terminal facilities, within, across or through its own territory or the territory of adjacent counties.

Section 5. That any enactments of the Legislature of Alabama contingent upon the ratification of this amendment to the Constitution of Alabama by the qualified voters of the State, shall be validated and become a force and effect immediately this amendment is so ratified.

Section 6. All such counties of Alabama are hereby authorized and empowered to increase the limit of county indebtedness from 3½ to 4½ per cent of such taxable property.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State to be affixed at the Capitol in the City of Montgomery, on this 27th day of August, One Thousand Nine Hundred and Twenty.

THOMAS E. KILBY,
(Seal) Governor,
By the Governor:
W. P. COBB,
Secretary of State.

ENGLISH PUGS MUST LEARN VALUE OF POWER TO PUNCH

By Paul Brewster,
International News Service Special
Correspondent

LONDON, Sept. 24.—"It is time that our young boxers developed an appreciation of the power of a punch. For many years it has been a gospel in British boxing circles that it is cleverness which wins. In a measure that is true, but there remains the fact that one punch that is hard enough and delivered in the right place will by its effectiveness more than counterbalance all the scientific scoring of points which might have been accomplished by the receiver of that big hit in the preceding rounds."

Thus writes "Corinthian," a well-known English sporting writer in the Daily Chronicle.

The same sentiment is being echoed by other sporting writers in London newspapers. Even the good old conservative, straight-laced papers which are read by commuters in first class railroad compartments on their way to London have taken this subject.

Their style in dealing with boxing is somewhat heavy, but it suits the mentality of the upper crust of English society who take the manly art of self-defense quite seriously. The general opinion gleaned from the London newspapers is that the English are waking up to the fact that in developing their scientific and clever scrappers they have overlooked the fact that an English pug has to pack a haymaker to get away with any of the titles which are held by Americans.

Freddy Welsh is an example of this school of British boxers. It is to be remembered that Freddy could step backward around the ring about twice as fast as the average fighter could step forward.

A certain London newspaper considered quite "low brow" declares that the English boxers are too "ladylike" for the American and French bruisers. The trouble lies, this paper urges, in the English system of scoring on points and not on the damage done unless there is a knockout. As soon as this is changed there will be a new generation of Englishmen in the squared circle who will fight and not box.

This statement is substantiated by a number of international bouts held during this past year in which English scrappers have been walloped into breemland.

Joe Beckett says that he was just feeling Georges Capentier out when he Frenchman hit him. Maybe so, but Georges didn't try to score a point. He just hit—I'll say he did.

Johnny Basham, the British welter-weight champion, is a clever leather yusher, but he did not sand a chance with Kid Lewis with his experience in the American ring. Lewis probably lost on points in the majority of rounds, but he damaged Johnny so badly that his seconds had to throw the towel in to save their man from being cut to ribbons. Basham has plenty of stamina also, but he hasn't a kayo wallop in his make-up.

Charles Ledoux, the French bantam weight champion, made short work of Jimmy Higgins, the British champ, yet Joe Lynch beat the Frenchman in America.

Arthur Wyns, the Belgian feather-weight champion, made such a mess of Mike Honeyman, the British champ, that they had to stop the contest to save the use of a putty knife and blower for removing the Englishman from the ring. Wyns never bothered about boxing, but went after his man in good old one-round style that was surprising, coming as it were from a bruiser from Belgium.

HOW MUCH ONE SHOULD HAVE

It is Difficult for Anyone to Say What
Amount of Money It Would Be
Best for Him to Possess.

It is convenient to have money. We all see many ways in which we would like to use it. But when we have money we are all apt to wish it just a little more, remarks the Milwaukee Journal. Who is to say what is the exact amount it is right that we should possess? Wishes, tastes, desires differ. We ourselves do not know what our limit should be. With too much money one is likely to become conceited, to lose sympathy and be hard-hearted, and more than likely regardless of the means he takes to add to his store. If he has too little, he may be envious of others, embittered toward society, tempted to dishonesty. Or there may be real suffering for need of what money can buy.

No one, not even the man in a prison cell, can live in any degree of comfort without money. It is necessary to life. Yet there are many things of greater value than money, things that money cannot buy, that are necessary to our welfare. Undue love of money is a poison in the soul, eating out what is of most worth. We may pay too high a price for its acquisition. We should judge our desire for money by our purpose, our motive in wanting it. Money is a power for good or evil, as we choose to use it.

Weather Affects Watches.

PRESIDENT TAKES RIDE IN THE PARK

AND THAT'S ABOUT THE BEST
ANSWER TO MANY QUESTIONS
ASKED ABOUT
WILSON.

By JACK ROYLE,
International News Service Staff
Correspondent.

WASHINGTON, Sept. 23.—"President Wilson today rode in Rock Creek Park."

That does not sound very exciting after the events of the last seven years. Nevertheless that statement outlines the outstanding feature of the President's days at present, so far as the public is concerned. For the President's life this Summer is one of extreme simplicity and seclusion.

The routine of the Summer at the White House varies but little according to those in a position to know. The President arises about 7:30, breakfast soon afterward, and usually by 9 or 9:30 he is at his desk where he dispatches the business of the day. He is usually thus occupied until after 11, when he watches a movie projected for him in the East Room or sits upon the portico.

Luncheon is at 1 and afterward the President cleans up the odds and ends of affairs upon his desk, reads, writes or naps until 4. At that hour his auto or carriage is ordered and he drives through the city or its environs for an hour and a half, usually accompanied by Mrs. Wilson. Occasionally a member of his family or hers forms one of the party and sometimes Roland Grayson, Admiral Grayson's two-year-old chatterbox son, is his companion.

The President dines shortly after his return and usually is in bed by 9:30 or 10 o'clock.

What any individual, public or private, actually knows concerning the President's attitude on the questions, national, international and personal which confront the chief executive or his views, plans or policies is extremely problematical. For few, indeed, are those given opportunity to share even a few moments of his days with him. Some may infer the problems he takes with him on his daily drives, but none knows the conclusions he brings back.

Small opportunity exists for gaining information on these questions of paramount importance from the President personally. President Wilson sees his physician, Rear-Admiral Grayson, occasionally and Secretary Tumulty less frequently. Recently when Secretary Tumulty was asked at a conference with newspapermen concerning the status of certain foreign affairs he said: "I, too, am sitting on the front porch, rocking gently to and fro."

Somerville News

The three mill tax for the school district of Somerville was carried 38 to 18. "We were glad indeed to know that so many wanted better schools, but sorry that so many of those who should have supported it were against it," a prominent citizen said.

Jas. W. Winton, wife and daughters, Eva and Kate, motored to Decatur Sunday to visit Mr. and Mrs. J. E. Herron.

Mrs. Joe Winton is spending the week with relatives and friends in Hartselle.

W. R. McCluskey, of Albany, Ala., is in our town in the interest of the Masonic Order lecturing day and night for several days.

Mrs. Lula Wade returned home Wednesday, after spending two weeks with her son, W. T. Wade, of Hartselle, where she has been convalescing from an operation, performed several weeks ago in Birmingham.

Dr. T. J. Russell carried Cloe Sharp to the Benevolent Hospital for treatment for the gun wound which he accidentally inflicted upon himself several days ago. He is resting well.

Temple Wynn has returned from Athens.

Albert Peck, wife and daughter, of Albany, were visitors at his mothers' Tuesday night.

Richard Winton and Concord Hood, of Hartselle, attended the lecture at the Masonic lodge Tuesday night.
